

May 15, 2008

This release contains the June 2008 electronic update of our Standard Interchange Format (SIF) catalogs. This file is effective the first Monday of the following month, unless it is a holiday. For example, the SIF information for this release is effective June 2, 2008.

Definition of Lead Times

- **10-Day or Less (*):** Products will ship in **10 business days or less** from order acknowledgement.
- **20-Day or Less(+):** Products will ship in **20 business days or less** from order acknowledgement.
- **Assigned (@):** Products may ship in 20 days, less than 20 days, or more than 20 days from order acknowledgement.

All 10-day products/flags will be reflected in the 10-day catalogs. The standard catalogs will contain the 20-day and assigned lead-time products.

Opt File

04 – will contain:

- 10 10-day or less lead time
- 20 20-day or less lead time
- 99 assigned lead time

Key File

P4 – will contain:

- 10 10-day or less lead time
- 20 20-day or less lead time
- 99 assigned lead time

All fields listed below will contain the following flags:

- * 10 day or less lead time
- + 20 day or less lead time
- @ assigned lead time

Top File

SL is flagged according to the shortest lead time available within that product.

Example, if there are 2 PD's for that SL, one with a + and one with an @, there would be a + in the SL field. If the 2 products were both @, then there would be an @ in the SL field.

Key File

PD is flagged according to the lead time for the base product number.

Opt File

OD is flagged according to the lead time for the specific option.
